“Salad Bars Sprout Up in Our Schools”
Monterey County Office of Education

Published Winter 2014
Updated October 2014

This directory is published annually by the Monterey County Office of Education. You are encouraged to go online and download and/or save to your desktop a searchable format PDF version of our Directory from our Web Address: <www.montereycoe.org>

Corrections, changes and updates at the public and private schools MUST be made through the assistant to each district superintendent, and NOT directly to the Monterey County Office of Education.

Corrections, changes and updates within the Monterey County Office of Education MUST be made through the assistant to each department or division head.

FAX corrections to (831) 754-3658 or by U.S. Mail to: **Human Resources Department , Monterey County Office of Education, P. O. Box 80851, Salinas, CA 93912-0851**

Our appreciation to the members of the M.C.O.E. staff, school districts' staff and all others who participated in the preparation and production of this year's Directory.

On our Cover: Monterey County Science and Engineering Fair Builds Life Skills

Each Spring, 6th-12th grade students from public, private, parochial, charter and home schools from across Monterey County are invited to pursue in-depth study of natural phenomena through scientific research in the Monterey County Science and Engineering Fair. The event, hosted by the Monterey County Office of Education in conjunction with the Science Department of California State University Monterey Bay and the Naval Postgraduate School, engages student to develop projects in research categories ranging from applied mechanics to plant biology.

Students must be able to read and comprehend informational text, write coherently, correctly use scientific terminology, and often employ mathematics in problem solving. They display their projects and present findings orally and through written journals to a team of scientists who volunteer as judges. These life skills benefit students in their search for collegiate programs and prepare them for the expectations of college.

Science Fair projects may be awarded prizes in both Junior (grades 6-8) and Senior (grades 9-12) Division categories with most First Place winners becoming eligible to participate in the California State Science Fair held each year in late April or in early May.

To learn more about the Monterey County Science and Engineering Fair, visit the website at:

DIRECTORY OF NON-PUBLIC SCHOOLS

California State Education Code Section 33190 requires all private elementary and high schools to annually register with the State Superintendent of Public Instruction. Education Code Section 48222 provides that attendance at a private school exempts a child from compulsory attendance at a public school only if the private school has met the requirements of Education Code Section 33190.

The California State Department of Education does not approve, license, or accredit private elementary or secondary schools. The schools listed in this Directory are those certified as having submitted correct and complete affidavits and have requested to be listed in this directory.

Questions regarding certification should be directed to the Demographics Unit, California State Department of Education, telephone number (916) 657-3812.

Blank copies of Form R-4, the "Private School Affidavit" are available from:

**California Department of Education
1430 N Street, Fourth Floor
Sacramento, CA 95814**

Online information regarding private schools in California is available at:

<http://www.cde.ca.gov/PrivateSchools/>

For schools listed in this Directory, if the school did not indicate a religious affiliation, or does not affiliate with a religion, that space is blank. If the listed school is identified as offering special education programs for exceptional children, those programs are shown.

Unless otherwise noted, the area code is (831)
